### PROPOSED EXAMINER'S AMENDMENT TO THE DRAWINGS

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The proposed amendments to the Drawings, filed on November 6, 2007, have not been approved, as the showing of the compression springs in figs. 2A, 2B is considered to be new matter, as the type, shape and position of the springs was not originally disclosed. The following illustration provides a suggestion by the examiner to overcome such new matter.
